***Priority***

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

***Claim Rejections - 35 USC § 102***

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 16, 17, 19, 20 and 23 are rejected under 35 U.S.C. 102(b) as being anticipated by Komatsuda (US 6,452,661).

The reference discloses an illumination system for a lithographic projection exposure apparatus having a condenser mirror 66 which has an aperture for passing radiation reflected from mirror 60. The emission point is near the optical axis.

***Claim Rejections - 35 USC § 103***

4. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

5. Claim 22 is rejected under 35 U.S.C. 103(a) as being unpatentable over Komatsuda (US 6,452,661).

Art Unit: 2851

The reference does not disclose developing the wafer or substrate, however, the exposure of the substrate is only one step in producing an integrated circuit and developing would be an inherent step in the process.

***Allowable Subject Matter***

6. Claims 1 – 15, 18 and 21 are allowed.
7. The following is a statement of reasons for the indication of allowable subject matter: The prior art does not disclose a first and second mirror configured as claimed.
